

Customer Training Sessions for New WattEx Trading Platform

WattEx is excited to announce the release of a new state-of-the-art auction transactional platform, to be used for trading in the WattEx Ancillary Services markets. The official release date is July 7th 2014.

The new platform, titled NGX TradePath, is a browser-based platform, optimized for the WattEx markets and our trading partners.

The transition timeline has been designed to provide ample time for training and testing.

Dates	Action
May 12	Revised Ancillary Services Exchange Customer Agreement sent to all partners for review
May 27-June 13	<p>Individualized Training Sessions on the new platform, hosted by WattEx*</p> <p>NGX/WattEx will be scheduling individual one-on-one training sessions with WattEx trading partners to provide an overview of the new system's features and improvements, and to answer any questions directly regarding changes to the trading environment.</p> <p>The new system is a radical change and improvement to the current WattEx trading screen, so all trading partners are strongly advised to schedule a training session. Sessions will be hosted by NGX, either in the NGX office in Calgary or via online meetings, and will be approximately 1h15min long.</p> <p>*Please review the scheduling calendar below and contact ngxreception@ngx.com to book a session. Sessions will be filled on first-ask, first-filled basis. (All session times are in MT)</p>
May 27-June 13	<p>'Sandbox' demo environment provided for all WattEx customers</p> <p>A demo version of the TradePath platform will also be available during this timeframe where clients can logon and become more familiar with the look and feel.</p>
June 16-June 20	<p>Mock Trading Sessions</p> <p>Following the end of the training sessions, WattEx will also host 'Mock Trading Sessions' each afternoon during the week of June 16th-20th. During these sessions, any client can logon to a test environment and go through a simulation of the daily WattEx markets, including open-lock-close periods, releasing orders, trading, facility restatements, etc.</p>
July 1	New invoicing rules take effect (as will be outlined in contract revision)
July 7	Release and transition to new TradePath platform for all WattEx trading!!
