

Force Majeure Update at Enbridge Westcoast Energy Inc. ("Spectra Hunt")

October 11, 2018

ICE NGX has determined at this time that its force majeure declaration will continue to reflect the **100% reduction** of supply and delivery obligations and duration as declared by the pipeline operator, Enbridge Westcoast Energy Inc., for **Gas Day October 11, 2018**.

The system outage declared by Enbridge Westcoast Energy Inc. at this time has resulted in a complete suspension of Contracting Party obligations relating to Spectra Hunt during the time period set out above.

In addition, no transactions in the Spectra Hunt products will be permitted by ICE NGX during the force majeure period.

In regards to **Gas Day October 12th, 2018**, ICE NGX is continuing to monitor the situation with Enbridge Westcoast Energy Inc. We will update with any changes to force majeure conditions and if applicable, the resumption of trading access, as soon as updates become available today.

ICE NGX staff will be communicating with traders, credit or other appropriate contacts in your organization with further information, and updated notifications will also be available on ICE NGX's website at www.ngx.com. Please contact your ICE NGX Marketing Representative or ICE NGX's Operations staff at 403-974-4357 with any questions.
