

ANNOUNCEMENT

Changes to NGX/CGPR Index Names

In conjunction with the upcoming migration of NGX's products to the ICE trading platform, the official names of NGX's indices will be changing on October 1, 2007. The new names are intended to more clearly identify the locations and onscreen products on which the indices are based and to follow a clear, consistent naming convention.

A table describing the changes to the NGX Price Index naming convention is found here:

<http://www.ngx.com/indices.html>

Note that that all CGPR line references (e.g. 2A, 5A) are included in the new names. To further assist customers with the transition, CGPR will continue to footnote these indices with their former names for the foreseeable future.

If you have any questions or concerns about this change, please contact your NGX Marketing representative or ops@ngx.com.
