

Notice: Official Date for NGX Crude Transition to ICE Trading Screen

4 February 2011

This is a notice to all NGX crude customers regarding the timing of NGX's **transition to the ICE trading screen** and new NGX reporting system.

The date for the transition to the ICE trading screen and new NGX reporting system has been set for **Monday, 28 February**.

The rest of the timetable is as follows:

- ICE and NGX.com IDs will be provided for those that do not already have them in the week of February 22.
- Permissions (e.g. confirming the use of existing ICE IDs) will be verified with NGX Company Admins in mid February.
- NGX crude products will appear on ICE on the evening of February 25.
- A pre-configured version of the ICE screen featuring all NGX crude products will be provided to all NGX traders and viewers.

A revised version of the NGX ICE Transition Guide incorporating this information has been posted at
