

## **Notice: NGX Alberta Hourly Power available for OTC Clearing as of Monday Feb 28, 2011**

February 25, 2011.

NGX is pleased to announce the launch of Alberta Hourly Power Financial Swaps which will be available for OTC clearing at market open on Feb 28, 2011. When a deal is executed, the buyer will have purchased the hourly power at a fixed transaction price and will receive the corresponding hourly price as published by the AESO.

As with all other financial power products in NGX's suite, AB Hourly Power will also be implementing the cash margining process introduced in November 2010.

Please see specs below:
