

## Urgent Notice

June 27 2013

The City of Calgary has requested that citizens stay home for the remainder of the week to reduce traffic congestion for emergency personnel from road closures caused by flooding and other related emergency situations. As such, NGX staff **will** operate the markets remotely on Friday June 28th. All regular markets and trading instruments will be available.

For nomination or scheduling enquiries, please contact NGX at [ops@ngx.com](mailto:ops@ngx.com) or on instant messenger as per usual. You can also contact our Help Desk personnel at 403-974-4357 or NGX's Houston office at 281-720-0525 and someone will be able to assist.

Thanks,  
NGX
