

## Urgent Notice

June 23 2013

Due to severe flooding across Southern Alberta, the downtown core of Calgary (including NGX's office) has been evacuated and will remain inaccessible on Monday and Tuesday (June 24th and 25th).

NGX staff **will** operate the markets remotely, and all regular markets and trading instruments will be available, as per normal for both of these trading days.

For nomination or scheduling enquiries, please contact NGX at [ops@ngx.com](mailto:ops@ngx.com) or on instant messenger as per usual. You can also contact our Help Desk personnel at 403-974-4357 or NGX's Houston office at 281-720-0525 and someone will be able to assist.

If we experience an interruption in service, we will attempt to notify by email.

Thanks,  
NGX
