

NGX Announces Q1 2014 Offering at Select Natural Gas Locations

In direct response to our market research project in 2013 – in which many of you contributed – we are pleased to announce a limited pilot pricing program.

For the first quarter of 2014 (effective January 1, 2014 through March 31, 2014), we will reduce our clearing fees at the following locations by 50%:

Dominion South

TCO

NGPL -TXOK

TGP Zone 0 South

Other than our fee structure, all the attributes of NGX Clearing will remain the same during this offering: **enhanced liquidity, credit protection, firm gas and fully anonymous trading cycles.**

To assure that you are configured for January 1, or to address any questions, please contact marketing@ngx.com or your NGX representative:
