Notice to NGX Customers: 'NGX on ICE' Training Sessions to be Scheduled for September; August Sessions Full

Please be advised that the Calgary training sessions on August 30 and 31, targeted at customers who are new to ICE and not generally advertised, are now FULL.

Due to strong demand, further sessions are being scheduled for September for all NGX customers who wish to learn or improve their knowledge of the ICE trading system.

Those interested in participating are invited to contact Bud.Hum@theice.com, their NGX representative, or ops@ngx.com.

These sessions will be in ADDITION to the mock trading sessions and testing periods that will be announced along with the next version of the NGX/ICE Customer Transition Guide in September.
