

NGX Trading Report Changes

November 1, 2012

Please be advised that as of November 3 the following changes will be added to the NGX Trading Reports:

- When exporting the NGX Index Price Details there were originally two Excel export options. One would allow you to export a file with the trade details used in the Index while the Export Summary option provided a day by day summary of Index.

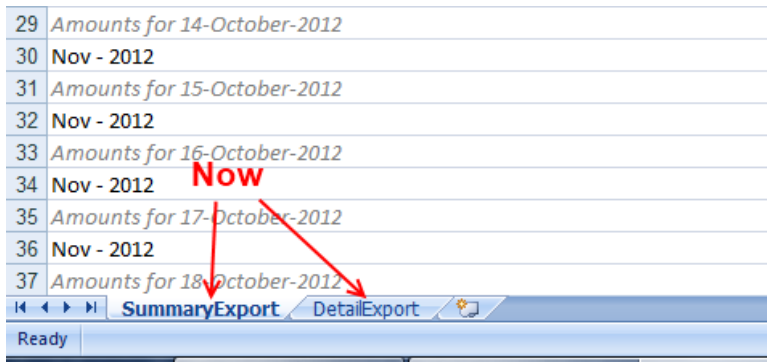

Previously we had 2 Excel Exports:

This has been condensed into one Export:

Your Excel Export will now contain 2 sheets with one tab for the index summary and one tab for the trade details used in the index.

- Spread Trade information has been added to the following reports:

- Trades,
- Market summary
- Strip Trading Reports

-Enhanced printing for the following reports:

- Index Price
- Index Price Details
- Daily Cleared Transactions
- AP/AR Report
- Forward Position
- Swap AP/AR Report
