August 22<sup>nd</sup>, 2018

### **RE: ICE NGX Name Change - Completion**

As of Monday August 20<sup>th</sup>, 2018, all instances of ICE NGX's legal entity name should now reflect the new naming structure, as was communicated in the attached notice earlier this year.

ICE NGX will also be working with our physical pipeline operations partners throughout the coming months to ensure correct naming usage across all delivery locations. Our goal will be to minimize changes to our pipeline accounts as much as possible, and we will contact clients, as required, during this process.

We thank you for your patience during these changes- and please reach out to ICE NGX Market Operations or your ICE NGX Marketing Representative with any questions.
