Re: System Constraint Period Ended at Intra-Alberta

NGX is ending the system constraint period (SCP) at all Intra-Alberta markets on NGX, effective Gas Day January 5th, 2009. The SCP was in reference to the announcement by TransCanada Pipelines (TCPL) of an Alberta system tolerance change to -2/+4 for January 4th, 2009. As the tolerance has now been returned to -4/+4, NGX has ended the system constraint period.

Please contact your NGX Marketing Representative or the NGX Operations Desk at 403-974-4357 with any questions or concerns.
