May 2, 2014

NGX Announces a System Constraint Period at Union-Parkway

NGX is declaring a system constraint period (SCP) on all Union-Parkway markets on NGX, effective Gas Day May 5, 2014. The SCP is in reference to the announcement by Union Pipeline's Capacity Planning group.

Please note that all transactions completed on NGX are considered to be firm, and all counterparties are expected to meet any physical delivery or receipt obligations.

The SCP is referenced in Article 5 of the NGX Contracting Parties Agreement, and states that physical failure of delivery obligations during system constraint periods will result in financial penalties by the Exchange.

Please contact Union at 519-436-4545 for further information.

The SCP will be in effect until further notice from NGX on the System Constraint page of the NGX website located [here](#).

Please contact your NGX Marketing Representative or the NGX Operations Desk at 403-974-4357 with any questions or concerns.
