

Force Majeure Update at Enbridge Westcoast Energy Inc. ("Spectra Hunt") - Trading Resuming at 2:15 PM MT

October 11, 2018

For **Gas Day October 12th, 2018**, ICE NGX will be modifying the force majeure to reflect **62% reduction of supply and delivery obligations**. Existing positions will be reduced to reflect this, resulting in NGX clients needing **to make or take delivery of 38% of existing volumes for Gas Day October 12th**.

Trading in the Gas Day October 12th market for Spectra-Hunt **will resume at 2:15 PM MT**, until market close today at 3:00 PM MT, when all transactions will be scheduled for delivery. Any transactions done during this window will be scheduled for 100% of volume, and regular delivery obligations under the ICE NGX CPA will apply.

ICE NGX's force majeure declaration will continue to reflect the **100% reduction** of supply and delivery obligations and duration as declared by the pipeline operator, Enbridge Westcoast Energy Inc., for **Gas Day October 11, 2018**.

ICE NGX staff will be communicating with traders, credit or other appropriate contacts in your organization with further information, and updated notifications will also be available on ICE NGX's website at www.ngx.com. Please contact your ICE NGX Marketing Representative or ICE NGX's Operations staff at 403-974-4357 with any questions.
